

Dec. 10, 1975 - Wed.

Dear Vickie and Jim,

This morning I am going over to Marys and we are going to South Center and shop and also have the baby's picture taken with Santa Claus.

Sandie and Dick arrived home Sunday night. They had just a wonderful time with you. It was nice hearing about it all and you certainly did entertain them. Their plane from New York stopped in Wash. D.C. on their way home and Sandi wished she could get off and call you but there wasn't time.

I hope you are rested up from the move. At least you are in your new place now and have a little time left to get ready

for your trip. Mike doesn't know how they can ever come back to see you because Mary is so afraid of flying. The flights to and from Spokane were so bumpy and she was really scared.

It is so interesting to hear about the certificate you sent for. If you send me a copy I can have more printed here. Jeannie would love to have a copy also.

The floods are still bad and the road to Enumelsee thru Maple Valley has been closed as the Cedar River went wild. The heavy rain has stopped so things should get better.

I am so glad you were able to rent your apartment. That will help alot. I am going to leave for Kenton now.
Love, Mom.
